

Lemon Grass Tea

To 1 gallon pitcher add: Lemon grass to pitcher, 4 bags green tea. Add hot water and steep 10 minutes, then use strainer.

Cool at room temperature then refrigerate. This is how you get a beautiful clear tea. When you refrigerate immediately the tea is cloudy.

Mixed Mint Tea

Lorem ipsum

To 1 gallon pitcher add: a bunch of mixed mint leaves (approx. 1 large handful, rinsed), 4 bags green tea. Fill with hot water and steep 10 minutes, then use strainer.

Cool at room temperature then refrigerate. This is how you get a beautiful clear tea. When you refrigerate immediately the tea is cloudy.
